FRIDAY, MAY 5, 1912.

"CLEAN UP."

The city council have named a "clean-up" committee and will start a campaign to improve the appearance—and sanitary conditions—of the lanes. The idea is a good one, and is being launched at the right time of the year, when the people are most anxious of the public, which in the great majority of cases the council will have, the work should go on vigorously and generally, and result in a substantial bettering of health conditions as well as improving the back-door landscape.

A NATIONAL FIGURE.

In honouring their member in Parliament, the Old Liberals did more than make acknowledgement of faithful service rendered a constituency by its representative. They paid tribute as well to a national figure. Dr. Clarke is one of the distinguished men of Alberta, and more: he is one of the distinguished Canadians. His home is the better that they were afforded him; his knowledge and sheer merit. He has not been long in Parliament, has represented a rural riding in one of the newer provinces, has never been more than a private member; yet his name is known and his services valued by the friends of trade freedom from one ocean to the other. Such a man deserves distinction upon the constituency he represents and the Province which he serves. He has given honour to the Liberals of Old who have also to their own ability to estimate and appreciate the worth of a man more than ordinarily endowed man.

CROP PROSPECTS
AND DISCONTENT.

One cannot but be struck that as the crop prospects in the West are bright the fast may have been heard of the discontent of the western people. In this part of the country it is perhaps not necessary to suggest that the expectations of the paper in question must be founded upon its hopes, and not induced by any promises of reward based on the development of knowledge of the facts. How or what would the promise of an abundant harvest could remove the grounds of discontent in this country is beyond the comprehension of the man on the spot.

For one thing, it is not at all novel to have bright crop prospects at this season of the year. The American Economic and that Nature's promise is grain a generous one is not a thing to elicit surprise nor to make us forgetful of man-made disadvantages which neither the promise nor its fulfillment will do anything to remove. And it may not be out of place to tender the information to the eastern contemporaries that when conditions are not in this state of year as fair as might be, the circumstance does not occasion alarm or discontent, for with favorable weather in the growing season the crops easily recover any set-back sustained by a late start. There is nothing in the idea that because the wheat is starting to grow early the farmer will forget what ten cents per bushel amounts to.

And again against Providence and His dealings that the western people have been complaining, but against the Government. Their grievance is not again their Creator, but against their temporal masters at Ottawa, and they are neither confounding the works of the two nor are they going to accept the generosity of Ottawa in making up for the unjust restrictions imposed upon them by the other. The ground of their complaint is that the Government by its tariff policy inter-

NEWS OF THE DISTRICT

BOWDEN.

Bulletin, News Service.—Mr. R. Pfeiffer to Mr. Wilhelmus Hunter took place last week at St. John church, Bowden. Mr. A. E. Brown was in Edmonton last week.

W. G. Morris, V.S.M., of Didsbury, was here last week on business. Mr. and Mrs. Morris and his son and his son took place on Saturday. On Wednesday he had a farewell party at his home.

C. McArthur has left for Calgary and is understood he will be there until the fall. He has sold his farm to W. H. Devore for three years.

Mrs. J. H. Miller was visiting friends at Caroline last week.

Mr. and Mrs. W. M. Dixon were Red Deer visitors on Friday.

Todays shipper a car load of steers, bought from Allen brothers, on Friday.

Campbell pulled out on Friday for his home near Ainsworth, and shipped two car loads of horses and cattle.

On Friday night the newly formed board of trade held its first general meeting in McCue's hall. President was elected and the officers. The minutes of the last meeting were read and approved.

The first business was the adoption of the constitution and by-laws as drawn up by the special committee. The constitution was adopted much discussion but with the exception of a slight amendment, were accepted on a motion.

The following were elected and the following were appointed: Messrs. Hunter, North, Riley, Ruth.

The reports of the various committees were received and announced.

Mr. Campbell reported to the committee on the new building and the new building committee reported the progress of the new building beyond their former sanguine expectations. The road bridge and the industries committee reported the progress of the new building and the new building committee reported the progress of the new building beyond their former sanguine expectations.

The road bridge and the new building committee reported the progress of the new building beyond their former sanguine expectations.

The reports were left over for further discussion and action to the executive committee which will meet on Monday night.

THE BULLETIN'S DAILY RECORD OF LATEST SPORT

NEW SCHEDULE IS COMPLETED

Bassano Fight Date Goes to Red Deer Instead of to Calgary.

CLUES PLAY SAME NUMBER OF GAMES

Calgary and Edmonton Play Equal Games in Each Town.

The new schedule of the cWestern Canada League has been finally arranged. It is a slight improvement over of last year, although not by any means perfect. The new schedule will be an almost impossible job to get out of hand.

Four such clubs as are in the Western Canada League.

It provides for a greater number of games between Edmonton and Calgary than between any other two clubs. The fight date to Red Deer instead of to Calgary was a wise move, as the two cities would be given their own chance to make up for it. The fight date was to be determined by the draw of the league and will be a good game for the small town.

The schedule as arranged is a very important one, the first document inasmuch as each team plays almost the same number of games in each club in the circuit and the mileage saved will be considerable.

The new schedule has been reduced almost by half of what it was last year. The new schedule will see each team on the schedule which was published some time ago.

The mileage this year will be 3,600 while last year it was 5,270 which each team had to make.

Calgary and Edmonton play 24 games with each other during the season, while the other two cities will play among the two cities.

The new schedule is as follows:

Red Deer vs. Bassano May 5 with Bassano in Calgary, and Red Deer in Edmonton, and Red Deer vs. Edmonton in Edmonton and Bassano in Calgary.

Bill Papke has No Difficulties in Disposing of ex-Policeman Puglist Who Was on National Hunt in New York—Looted Only Two Rounds.

Now York, May 2—Bill Papke, of Keweenaw, Mich., a former middleweight champion boxer, who was held up by the police in New York, has been released.

He was held up by the police in the National Sporting Club here tonight. It was Leithen's first fight as a professional. Both men had been held up 182 pounds.

The moment the men squared off, Papke ran up Leithen to his own corner and took him by the head. Leithen fell to one knee and grabbed the ropes to steady himself.

Papke again threw the former policeman with a right swing.

Leithen got up and the second round started and after he was knocked down four times his seconds threw up the sponge.

Now York, May 2—The suggestion of Col. C. C. Collyer, Hon. J. B. Hart, that Canada may withdraw from the International Fisheries treaty is likely to be given effect to in a comparatively short time.

READY FOR THE SPRING RACES

Starters and Judges Have Been Appointed and Horses Are Here.

DIME STEWART WILL BE RACE STARTER

Meet Will Be Largest Ever Held in Province of Alberta.

The arrangements for the spring races are nearing completion, and the horses are now in the stalls and the track, although cut down to 1/2 mile today, due to the arrival of the first 100 entries to be in line to race.

A large number of horses and banches of four and five are arranged to be in line to race.

It is expected that there will be the largest number of horses ever started together on an Alberta track.

Street racing is to be discontinued, people to the grounds will be admitted to the exhibition meet.

The moment the men squared off, Papke ran up Leithen to his own corner and took him by the head. Leithen fell to one knee and grabbed the ropes to steady himself.

Papke again threw the former policeman with a right swing.

Leithen got up and the second round started and after he was knocked down four times his seconds threw up the sponge.

Now York, May 2—The suggestion of Col. C. C. Collyer, Hon. J. B. Hart, that Canada may withdraw from the International Fisheries treaty is likely to be given effect to in a comparatively short time.

agreement that the double track will be closed and Kinnaird street to the exhibition grounds will be辟ed and in operation by the 2nd of June.

Arrangements are being made with the Canadian National Railway to have the ground on the 21st. A band will be on the ground at the meeting.

It was decided to place tickets on sale for the meeting in advance of the race, at 25 cents for each day, or 15 cents for the whole meeting.

AROUND THE CITY

LOCAL

The annual meeting of Grace Methodist Church and Sunday School will be held this Saturday. The meeting will take the form of a banquet to be served by election of officers and other business.

C. W. L. Hayworth, V. S., has been appointed food inspector, the new position being created by the amalgamation of the health department. During the past fortnight he has been on the road, inspecting food houses on both sides of the border with reference to food inspection.

The new manager of the offices of the Edmonton-Calgary branch of the Canadian Northern Railway, the line will run west from Peace River, is R. A. Stettler, two weeks ago, seedings operations were in full swing, and he

is now in the distribution point for the north country.

"There is sure to be a considerable town, and probably a large city, at the head of the valley, and when he gets there, he will be within six miles of the town, and will be compelled to go to the north country."

It is the opinion of Stettler that when he gets there, two weeks ago, seedings operations were in full swing, and he

is now in the distribution point for the north country.

The city has been granted an advance of \$10,000 to be underwritten before the fortnight's test is commenced. The test was to have commenced on April 15, but the railroads and others gave the city ten days grace in which to get the pumping plant into operation. The city has now decided to demand that the city maintain a pressure of 10 pounds constantly for a fortnight.

The marriage took place at the Beulah Revere Home on Wednesday evening, April 15, between Mr. and Mrs. Clark Bell Schaefer, one of the women lately in charge of the Beulah Revere Home. The ceremony was performed by the Rev. H. D. Brown, superintendent of the Pentecostal Church.

The bridegroom is a graduate of the Home up to the time of his marriage. The newly married couple have left for the coast to spend their honeymoon.

START WORK ON NEW BANK

Work was commenced yesterday in removing the framing buildings west of the Yards (i.e., The Royal Inn) will be a new bank, 100 by 150 feet, with a steel frame structure costing \$100,000. The exterior work will be finished in September, and the interior partitions will be ready for occupancy. The new building will have a frontage of 50 feet on Jasper Avenue and will be three stories in height.

BOARD OF HEALTH MEETING

After considerable discussion, it was decided that the Board of Health had no right to existent. This action was taken at the meeting on Tuesday night, three new members were appointed, Mr. C. W. L. Hayworth, Mr. Hobson, Dr. Collins and Alderman May. These three were supposed to be the new members, but Dr. Collins, whose term was alleged to have expired, and of Mr. Hobson, who had not been elected, Dr. Collins' term of office did not expire until February, 1912, and Mr. Hobson has never been elected. Dr. Hobson was appointed to the Board and will serve until April, 1914. Dr. Collins was appointed to the Board and will serve three years. The only one of the three was not already a member of the Board, and was appointed last February.

All these things were discovered last night, and the Board had passed over the regulations as laid down by this provincial act covering the Board of Health.

The peculiar thing about this act is that it apparently does not provide for all the members to serve in rotation, or members leaving the city. As a result of the multitude of changes in the Board, it was decided at its next meeting to rescind the motion appointing three new members of the Board, and to nominate one new member, who shall hold office for three years.

BORN

At 1:30 Victoria Avenue, on April 30, to Mr. and Mrs. H. C. Stockton, a daughter.

SICKHEADACHE—EARACHE HEADACHE

Ottawa, May 1.—Promenade boat arrived in Ottawa today after a month's holiday at Hot Springs, Vt., where the boat was built by a theatrical company. There will be eight vaudeville acts on the bill, the best of which will be the 15 minutes earlier than usual on account of the length of the program.

The girls will be from the town, and probably a large city, at the head of the valley, and when he gets there, two weeks ago, seedings operations were in full swing, and he

is now in the distribution point for the north country."

It is the opinion of Stettler that when he gets there, two weeks ago, seedings operations were in full swing, and he

is now in the distribution point for the north country.

The new manager of the offices of the Edmonton-Calgary branch of the Canadian Northern Railway, the line will run west from Peace River, is R. A. Stettler, two weeks ago, seedings operations were in full swing, and he

is now in the distribution point for the north country.

The city has been granted an advance of \$10,000 to be underwritten before the fortnight's test is commenced. The test was to have commenced on April 15, but the railroads and others gave the city ten days grace in which to get the pumping plant into operation. The city has now decided to demand that the city maintain a pressure of 10 pounds constantly for a fortnight.

The marriage took place at the Beulah Revere Home on Wednesday evening, April 15, between Mr. and Mrs. Clark Bell Schaefer, one of the women lately in charge of the Beulah Revere Home. The ceremony was performed by the Rev. H. D. Brown, superintendent of the Pentecostal Church.

The bridegroom is a graduate of the Home up to the time of his marriage. The newly married couple have left for the coast to spend their honeymoon.

Work was commenced yesterday in removing the framing buildings west of the Yards (i.e., The Royal Inn) will be a new bank, 100 by 150 feet, with a steel frame structure costing \$100,000. The exterior work will be finished in September, and the interior partitions will be ready for occupancy. The new building will have a frontage of 50 feet on Jasper Avenue and will be three stories in height.

Board of Health Meeting

—The Board of Health had no right to existent.

The action was taken at the meeting on Tuesday night, three new members were appointed, Mr. C. W. L. Hayworth, Mr. Hobson, Dr. Collins and Alderman May. These three were supposed to be the new members, but Dr. Collins, whose term was alleged to have expired, and of Mr. Hobson, who had not been elected, Dr. Hobson's term of office did not expire until February, 1912, and Mr. Hobson has never been elected. Dr. Hobson was appointed to the Board and will serve until April, 1914. Dr. Collins was appointed to the Board and will serve three years. The only one of the three was not already a member of the Board, and was appointed last February.

All these things were discovered last night, and the Board had passed over the regulations as laid down by this provincial act covering the Board of Health.

The peculiar thing about this act is that it apparently does not provide for all the members to serve in rotation, or members leaving the city. As a result of the multitude of changes in the Board, it was decided at its next meeting to rescind the motion appointing three new members of the Board, and to nominate one new member, who shall hold office for three years.
